

Emily S. Martin

Curriculum Vitae

Research Physical Scientist, Center for Earth and Planetary Studies,
National Air and Space Museum, Smithsonian Institution
P. O. Box 37012, Washington, DC 20013-7012; (202) 633-2254.
martines@si.edu

Education

Ph.D. Geological Sciences, University of Idaho, 2014
M.S. Earth and Planetary Science, Northwestern University, 2009
B.A. Physics and Astronomy, Wheaton College. Norton, MA, 2006

Professional Experience

2018-Present **Research Physical Scientist**—*Center for Earth and Planetary Studies, National Air and Space Museum, Smithsonian Institution.*

2014-2018 **Post-Doctoral Research Fellow**—*Center for Earth and Planetary Studies, National Air and Space Museum, Smithsonian Institution.*

2012-2013 **Visiting Researcher**—*Center for Earth and Planetary Studies, National Air and Space Museum, Smithsonian Institution.*

2010-2014 **Graduate Research Assistant**—*University of Idaho, Dept. of Geological Sciences*

2007-2009 **Graduate Research Assistant**—*Northwestern University, Dept. of Earth and Planetary Science.*

2006 **Undergraduate Research Assistant**—*National Radio Astronomy Observatory, Green Bank, WV.*

2005 **Undergraduate Research Assistant**—*Wheaton College, Norton, MA.*

2005 **Undergraduate Research Assistant**—*Lowell Observatory, Flagstaff, AZ.*

2004 **Intern** —*Christa McAuliffe Planetarium, Concord, NH.*

2003-2006 **Observatory Assistant** —*Wheaton College Observatory, Norton, MA.*

Mission Experience

2019 **Collaborator on NASA mission concept study (Official)**
Flagship Concepts for Astrobiology at Enceladus

2018- **Co-I on NASA Discovery mission team proposal (Official)**
Science team member for mission proposal to explore Neptune's moon Triton

2018- **Participation on NASA Instrument team (Unofficial)**
Funded research associate on the Lunar Reconnaissance Orbiter Camera from the Lunar Reconnaissance Orbiter through Dr. Thomas R. Watters.

Teaching Experience

Graduate Teaching Assistant, *Northwestern University, Dept. of Earth and Planetary Science*

2009 Climate Catastrophes, Earth's Interior
2008 Geological Hazards, The Ocean, Atmosphere, & Our Climate.

Undergraduate Teaching Assistant, *Wheaton College, Dept. of Physics and Astronomy*

2004 The Universe, Introduction to Geology
2003 The Solar System

Projects

Project Title: Enhancing SatStressGUI: Simplifying stress calculations for satellites

Principal Investigator: Robert T. Pappalardo

Science PI/Co-Investigator: D. Alex Patthoff

Collaborators: Emily S. Martin, Geoffrey C. Collins

Project Title: Unraveling the early tectonic history of Enceladus and Dione

Principal Investigator: Thomas R. Watters

Science-Principal Investigator: Emily S. Martin

Co-Investigator: D. Alex Patthoff

Collaborators: Amanda Nahm

Project Title: Building a geologic map of Neptune's moon Triton

Principal Investigator: Emily S. Martin

Co-Investigator: Michael Bland, D. Alex Patthoff, Thomas R. Watters

Collaborators: Geoffrey Collins, Tammy Becker

Project Title: Characterizing the mysterious linear virgae across the mid-size satellites in the Saturn System.

PI of Award: Emily S. Martin

Co-Investigator: D. Alex Patthoff

Project Title: Geologic Evidence for a South Polar Impact on Enceladus

PI of Award: Dr. James Roberts (APL)

Co-Investigator: Kathleen Craft, D. Alex Patthoff, Angela Stickle

Awards and Honors

2015 Peer Recognition Award, National Museum of Natural History
2011-2012 Outstanding Graduate Student, Dept. Geological Sci. U. of Idaho
2011 University of Idaho's Alumni Award for Excellence
2010 University of Idaho's Dr. Indu Meshri Memorial Scholarship
2006 Wheaton College's H. M. Pastra-Landis Prize in Physics

Professional Service

- 2019 Joint Technical Programming Committee for annual fall meeting of the geological society of America
- 2019 Chair of the Geological Society of America Planetary Geology Division
- 2018 Session Organizer & Co-Chair: *Friends of Hoth: Episode III—Bodies of the Outer Solar System*, Fall Meeting of the Geological Society of America, Indianapolis, Indiana.
- 2018 Peer Reviewer Nature Geoscience
- 2018 First Vice Chair of the Geological Society of America Planetary Geology Division
- 2018 Peer Reviewer Geophysical Research Letters
- 2018 Co-convener of the Cryovolcanism in the Solar System workshop held at the Lunar and Planetary Institute in Houston.
<https://www.hou.usra.edu/meetings/cryovolcanism2018/organizers/>
- 2018 Session Organizer & Co-Chair (with D. Alex Patthoff): *Friends of Hoth: Episode*
- 2017 Second Vice Chair of the Geological Society of America Planetary Geology Division
- 2017-*Geophysical Research Letters* reviewer
- 2017 Session Organizer & Co-Chair (with D. Alex Patthoff): *Friends of Hoth: Episode II—Bodies of the Outer Solar System*, Fall Meeting of the Geological Society of America, Seattle, Washington.
- 2016 Secretary/Treasurer of the Geological Society of America Planetary Geology Division
- 2016 Session Organizer & Co-Chair: *Friends of Hoth: Satellites of the Outer Solar System*, Fall Meeting of the Geological Society of America, Denver, Colorado.
- 2016 Session Co-Chair (With Michael Bland): *Ziggy Faultscarps: Tectonics of the Outer Satellites* (F705).
- 2015 Session Organizer & Co-Chair: *Oceans, Fire, and Ice of the Outer Solar System (T175)*, Fall Meeting of the Geological Society of America, Baltimore, Maryland.
- 2014-*Icarus* reviewer
- 2014- NASA Grant Review Panel: External Reviewer
- 2014 NASA Grant Review Panel: Panelist
- 2014 Session Organizer & Co-Chair: *Ice in the Solar System: Mars to Pluto and Icy Worlds in Between (T227)*, Fall Meeting of the Geological Society of America, Vancouver, British Columbia, Canada.
- 2013 Session Organizer & Co-Chair: *Voyager to New Horizons: Exploring the Surfaces and Interior Processes of Icy Worlds (T12)*, Fall Meeting of the Geological Society of America, Denver, Colorado.
- 2013 AAS Division of Planetary Sciences Federal Relations Subcommittee, Capitol Hill visits.
- 2012 Session Organizer & Co-Chair *Tectonics of Icy Bodies and Their Analogs (T147)*, Fall Meeting of the Geological Society of America, Charlotte, North Carolina.
- 2011-2012 Graduate student representative to the Faculty of Department of Geological Sciences at University of Idaho.

- 2012 Graduate student representative for performance review of the Chair of the Department of Geological Sciences at the University of Idaho.
- 2010 JPL Planetary Science Summer School participant: Program Manager.

Book Chapters

- Buczowski, D. L.**, E. S. Martin, A. L. Nahm, Tectonic Landforms Across the Solar System, *in* Planetary Tectonism across the Solar System eds. C. Klimczak, G. C. Collins, P. Byrne. Elsevier Comparative Planetology Book Series.

Outreach Activities

- 2019 Discover the Moon Day and Apollo50 festival for the National Air and Space Museum on the National Mall
- 2019 Presented Live show of Airspace Podcast at South by Southwest in Austin, TX *When Failure is an Option*
- 2018 Awesome Con panelist, Washington DC (March 30th): *Science, Science Fiction, and Space Stations*.
- 2017 Space Talk at Brightest Young Things *Found in Space* party at the National Air and Space Museum (November 5th).
- 2017 Awesome Con panelist, Washington DC (June 16th): *The Museum on the Moon*.
- 2017- National Air and Space Museum *Mars Day!*
- 2016- Co-Host *AirSpace* the podcast for the National Air and Space Museum.
<https://airandspace.si.edu/learn/airspace-podcast>

2018- Social Media coordinator for the *AirSpace* Podcast @airspacepodcast (Instagram)

Invited Talks & Selected Presentations

- 2019 Northern Virginia Astronomy Club *Cold Case: Unsolved mysteries of the Outer Planet Satellites.*
- 2018 Potomac Geophysical Society monthly meeting *How holes in Iceland's rocks help us understand the ocean on Saturn's tiny moon Enceladus.*
- 2018 Ask and Expert on Facebook Live at The National Air and Space Museum [Watch at <https://www.facebook.com/airandspace/videos/316375415777979/>]
- 2017 University of Maryland colloquium. *Enceladus's history from pit chains across the tectonized terrains.*
- 2017 Tristate Astronomy Club Hagerstown, MD. *The success of the Cassini mission.*
- 2017 Ask and Expert on Facebook Live. *Cassini's Finale* [Watch at <https://www.youtube.com/watch?v=4TzwjiN6fD4>]
- 2017 Almost Heaven Star Party, Spruce Knob, WV. *Cassini and its 'grand' tour of the Saturn System.* [Watch at <https://www.youtube.com/watch?v=mS5tKJfPSPg>]
- 2017 ICE Lunch Seminar, Jet Propulsion Laboratories *Pit chains on Enceladus: Implications for thermal and geophysical history.*
- 2016 National Air and Space Museum, Ask an Expert series. *The Europa Mission.*
- 2016 National Air and Space Museum, What's New in Aerospace series. *The Mars Generation: A Conversation with Christina Koch.* [Watch at <https://airandspace.si.edu/events/mars-generation-conversation-astronaut-christina-koch>]
- 2015 National Air and Space Museum, Ask an Expert series. *Expecting the Unexpected with New Horizons.*
- 2014 National Air and Space Museum, Smithsonian Stars Lecture Series, Albert Einstein Planetarium. *Far Out! A Tour of the Icy Bodies of the Outer Solar System.*
- 2013 Applied Physics Laboratory Planetary Science Brown-Bag Seminars, *Beyond Enceladus's South Polar Terrain: Establishing a Global Tectonic History.*
- 2013 University of Maryland, Planetary Geology Group, *Beyond Enceladus's South Polar Terrain: Establishing a Global Tectonic History.*
- 2013 National Air and Space Museum, Center for Earth and Planetary Studies, *Beyond Enceladus's South Polar Terrain: Establishing a Global Tectonic History.*
