

DRAWINGS ON PAPER: PREPARED SETS

IMPORTANT!! The aircraft, rocket and spacecraft drawings included in the following list represent the drawings on paper which are currently available from the National Air and Space Museum (NASM) Archives Division as prepared sets of drawings. These are NOT the ONLY drawings available from the NASM Archives Division by any means – if you do not find the aircraft or spacecraft in which you are interested on this list, please contact us at the address below to request a customized search of our collections. Customized searches will be done by our staff for no more than three aircraft or spacecraft types per request. You may have only one customized search request in process at a time.

HOW TO ORDER DRAWING SETS FROM THIS LIST:

1. Complete the "Ordered By:" and "Ship To:" blocks below. All drawings going to a U.S. address will be shipped via UPS, so it is essential to include a street address to which UPS can deliver. If you prefer to have your drawings shipped via U.S. Mail, you must specifically request this service (the shipping cost will be the same).
2. The drawing list is arranged alphabetically by manufacturer, then model, and is divided into three sections: Aircraft, Rockets and Spacecraft, and Miscellaneous Subjects. Mark the number of sets you would like of each type in the first column (marked #). Please note that some drawing sets contain only one sheet, while other drawing sets have several sheets. The price for the entire set is given in the column marked **Cost**.
3. Add up the total number of drawings SETS ordered, and enter this total in the box below marked: **No. Ordered**. *Because of the large number of orders we receive and the limited number of staff available to fill these orders, you may request **no more than 10 drawing sets** per order and only one order in process at a time.*
4. Add up the COSTS of the drawings ordered, and enter the total in the first box of the **Amount** column.
5. Refer to the NASM Archives Shipping Rates form and enter the appropriate amount in the **Shipping Amount** column.
6. Add up the prices shown in the **Amount** column and enter this total in the box marked **TOTAL**. This is the amount you owe for this order.
7. Complete the PAYMENT METHOD block below and send this packet and your payment to the address below. Please allow four to six weeks for your order to be filled.
